SECTION	Document Summary
1	Investment Rate of Return and Expense Information - Shows investment return information for your plan's investment options. It shows past performance, investment management expenses and General Administrative Services Expenses. The General Administrative Services Expenses table shows non-investment expenses that pay for operating your Plan.
2	Other Investment-Related Fees, Expense Information and Transfer Restrictions - Shows any fees and expenses that are in addition to the investment management expenses in Section 1. This section also shows any investment restrictions.
3	Guaranteed Retirement Income Options - Shows information about the Guaranteed Retirement Income Options in your retirement plan.
4	Plan-Related Information - Shows your Plan Related information and Participant Elected Services Expenses tables. The Participant Elected Services Expenses table shows expenses for optional services available through your Plan that may be charged to your individual account for the services you use.

Your Plan offers a Self-Directed Brokerage Account (SDBA) through Charles Schwab. The SDBA allows you to select from securities and investments that have not been chosen by and are not monitored by your employer, fiduciary and/or the Plan Sponsor. What investments you may actually invest in depends on the specifics of your Plan design. These investment options are not offered through your retirement plan recordkeeper. You may invest through the SDBA by logging in to your Plan's web site and completing the SDBA enrollment process online.

The SDBA is for knowledgeable investors who acknowledge and understand the risks associated with many of the investments contained in the SDBA. By utilizing the account, you acknowledge that none of the available options in the SDBA have been selected for use in the Plan, reviewed for suitability or will be monitored by your employer, Plan Sponsor, SDBA provider, or retirement plan recordkeeper. You are solely responsible for determining the suitability and for the selection and ongoing monitoring of the investments that are available and utilized in the SDBA.

If you decide to use the SDBA, there may be an annual maintenance fee for using the SDBA as reflected in the Participant Elected Services Expenses table in this document. There may be additional expenses and fees associated with using Charles Schwab, such as commissions and sales loads. More information regarding these fees is located in the SDBA pricing summary at the back of this notice. Before investing, investors should carefully consider a fund's investment objectives, risks, charges and expenses. Fund prospectuses contain this and other important information and may be obtained by calling the SDBA provider at 1-888-393-7272 or through the SDBA's website at www.schwab.com. Investors should read prospectuses carefully before investing.

Transfers into and out of Charles Schwab will be subject to minimum transfer restrictions. If your transfer request does not meet the minimum amount, your transfer will not be completed. You must initially transfer a minimum of \$2,500.

Subsequent transfers must be at least \$1,000. You are also required to maintain a minimum balance of \$500 in your core account. If your core account is below the minimum balance, any percentage of your future contribution investment elections allocated to the SDBA will be allocated pro-rata across your other investment elections (or to the Plan's default fund if 100% of your investment elections are allocated to the brokerage account) until the minimum balance is reached.

More detailed information about the SDBA is available on the Participant website.

Variable Rate of Return Investments Table

This table looks at the rates of return from investments that increase and decrease in value. The table shows how these investments have performed over time. You can compare each investment option to a benchmark. Past performance does not guarantee how the investment option will perform in the future. Your investment in these options could lose money. Information about an investment option's principal risks is available on the Web site listed above.

Carefully consider the investment option's objectives, risks, fees and expenses. Contact Empower for a prospectus, summary prospectus for SEC registered products or disclosure document for unregistered products, if available, containing this information. Read them carefully before investing.

1 Additional information on this Investment Option can be found in Section 2.

2 Investment Funds. The start date may be that of the fund's original share class. If your Plan offers a different share class of the fund with a more current start date, the performance returns have been adjusted to reflect the fees and charges associated with the actual share class.

3 Offered through a group fixed and variable deferred annuity issued by the applicable insurance company. Returns prior to the inception date of the separate account are hypothetical and are based on the inception date of the underlying investment option, adjusted to reflect the deduction of fees and charges associated with the annuity contract.

* Performance returns not available at time of production.

N/A - Performance returns are not applicable.

‡ Performance calculations for each of the plan's designated investment options are net of applicable investment contract fees, reducing the investment option's performance by the effect of such fees, including, for example, any applicable annuity separate account/program fees and other investment-level fees related to plan account maintenance and servicing.

~ Gross Total Annual Operating Expenses are the gross fees potentially charged to the investment option and are displayed above in accordance with fee disclosure regulations. The Net Total Annual Operating Expenses, also displayed above as supplementary information, are the actual amounts charged by the investment option and may be different from the Gross Expenses due to certain fee waivers or additional expenses charged by other service providers. Expenses reduce the return of the investment option. Part of these fees may be shared with the plan's service providers and, under an agreement with the applicable plan fiduciaries, may be used to help pay for plan administration and/or recordkeeping fees. The plan's fiduciaries may make changes to the plan's investments at any time subject to applicable notice requirements. Please see the participant website for more information.

** A benchmark index is not actively managed. It does not have a defined investment objective and does not incur fees or expenses. You cannot invest directly in a benchmark index.

General Administrative Services Expenses Table

This table shows expenses that pay for operating the Plan. These expenses are described below. Fees and expenses for general plan administrative services (for example, recordkeeping services and custodial services) may be charged to the Plan. These fees and expenses may be charged to your individual account to the extent not paid by the Plan Sponsor, deducted from other Plan assets (such as the Plan's forfeiture account) and/or included in investment-related fees and expenses. How the expenses are charged to participant accounts will depend on the nature of the expense. For

example, some fees may be charged as a fixed dollar amount per participant or as a percentage amount spread across the account balances, as determined by the Plan Sponsor or other responsible Plan Fiduciary. The amount of any general plan administrative expenses actually deducted from your account will be reflected on your account statement.

Missing Participant Administrative Services. Upon request by the Plan Sponsor, Empower may perform certain administrative services that attempt to identify and locate missing and unresponsive participants. The administrative services may include, for example, performing Participant address searches using a commercial locator service, updating Participant address records and attempting to contact Participants using certified U.S. mail. If the plan incurs any administrative fees for these services, such expenses will be paid from the plan's assets and deducted from the applicable missing or unresponsive participant's account balance or from the proceeds of any uncashed benefit payment made by the plan to such participant. The missing participant administrative fees are estimated to range from \$10 up to \$75 per participant per year depending on the services elected by the Plan Sponsor.

NOTE: More current information about the Plan's investment options, including fees, expenses and performance updates, may be available at your plan's website.

Contract Discontinuance and Termination Services

If, at some point in the future, the Plan discontinues, in whole or in part, any investment/platform provider relationship with Empower, either by transitioning the Plan to a new recordkeeper or because of the termination of the Plan, additional fees may be charged to your Plan account. The type and amount of any such fees will depend on the terms of the Plan's investment/contract agreement with Empower (or with respect to the terms of any investment contract/agreement issued by another provider that is administered by Empower) that is in effect at that time and/or may be assessed in connection with any services performed by Empower in conjunction with such discontinuance event.

When investment contracts are discontinued, participants' accounts could be assessed contract surrender charges, termination asset charges and/or market value adjustments. Your Plan's specific investment contract/agreement will identify which of these discontinuance fees and/or adjustments will apply. The discontinuance fees and/or adjustments may also be dependent upon the conditions of the market at the point in time the investment contract/agreement is discontinued.

3 – Guaranteed Retirement Income Options

Guaranteed Retirement Income Options

This section lists the investment options chosen by your plan that provide guaranteed retirement income under the Plan. The guaranteed retirement income options let you receive a guaranteed stream of payments usually beginning when you retire and lasting for your entire life. Annuities are issued by insurance companies. Guarantees of an insurance company are subject to its long-term financial strength and claims-paying ability.

4 – Plan-Related Information

Plan-Related Information is an explanation of general plan information. It includes a description of non-investment management fees and expenses that may be charged to your account. This section also includes a list of the Participant Elected Services Expenses.

General Information

Non-Investment Management Fees and Expenses: Includes recordkeeping, accounting, legal, consulting or other administrative fees that may be charged to your account. The dollar amount actually charged to your account during the previous quarter for such administrative or individual expenses will be reported to you on your quarterly statement. If you have additional questions related to fees on your account, please contact the Voice Response System or your Plan Administrator.

Investment Instructions: Your plan lets you direct the investment of your account in the investment options listed in Section 1. You may make changes to your investment options via the plan's Web site or by calling the Voice Response System.

Limitations on Investments: Limits on making changes to your investment choices may be imposed by the Plan Administrator or by a manager of an investment option. Any limits or restrictions made by a fund manager are described in the prospectus for the fund. They include restrictions intended to prevent "market timing" (i.e., rapid trading in and out of a fund). If these restrictions apply then they will be listed in Section 2. In addition to the limits and restrictions described in the prospectus, the Plan Administrator may have other restrictions on making changes to your investment choices. If the Plan Administrator has additional limits, they will be described in a separate document that will be provided to you by your Plan Administrator.

Voting, Tender, and Similar Rights: The appropriate Plan fiduciaries, or an individual or an institution designated by the Plan fiduciaries, will exercise any voting or other rights associated with ownership of the Designated Investment Alternatives offered in your Plan.

.Exchange Process Fee

This is a fee Schwab charges to offset fees imposed on us directly or indirectly by national securities exchanges, self-regulatory organizations, or U.S. option exchanges. Schwab shall have the right to determine the amount of such fees in its reasonable discretion, and such fees may differ from or exceed the actual third-party fees properly paid by Schwab in connection with any transaction. These differences may be caused by various internal and external factors, including, among other things, the rounding methodology used, the use of allocation accounts, transactions or settlement movements for which a fee may not be assessed, timing differences in changes, third-party rate caps and floors, calculation errors, and various other anomalous reasons.

The Securities and Exchange Commission (SEC) assesses transaction fees on national securities exchanges and self-regulatory organizations based on the aggregate dollar amount of sales of certain securities. The SEC recalculates the amount of this fee periodically—at least once per year but sometimes more often. National securities exchanges and self-regulatory organizations offset the transaction fees by charging their member broker-dealers such as Schwab, and we, in turn, offset this fee by charging you an Exchange Process Fee for covered sell transactions.

U.S. option exchanges charge Schwab and other broker-dealers per-contract fees for purchase and sales of exchange-listed options. The exchanges may charge these fees even on transactions executed on other exchanges, which can result in multiple fees being imposed on Schwab for a single transaction. Schwab offsets these fees by charging you a single Exchange Process Fee for each covered transaction.

Any Exchange Process Fee that appears on your trade confirmation for a sale of an exchange-listed option will combine the offset for the fees charged both by the U.S. option exchanges national securities exchanges, and self-regulatory organizations.

Schwab's Exchange Process Fee will rise or fall periodically depending upon the rate set by the SEC, by self-regulatory organizations, or by the U.S. option exchanges, as applicable." or by the U.S. option exchanges, as applicable.

Notes:

- This pricing summary applies only to the PCRA accounts held at Charles Schwab & Co., Inc., and established on behalf of retirement plan participants. You can obtain more information about PCRA commissions and transaction fees by calling Schwab's dedicated PCRA Call Center at 1-888-393-PCRA (7272), Monday through Friday, 9:00 am through 7:30 pm (ET). Or, view the current Charles Schwab Pricing Guide for Retirement Plan Accounts on www.schwab.com/cbrspricingguide for a more complete description of all other commissions and transaction fees.
- Your PCRA is a cash-up-front account. For all purchases, we require cleared funds in the account. When you're selling, we require securities on deposit. It is your responsibility to avoid overspending your account. If your account becomes overspent, Schwab reserves the right to liquidate a portion of your account to cover the debit balance. If liquidation is necessary, a broker-assisted fee of \$25 will apply.

¹ Excluding mutual funds, commissionable trades that execute over more than one day will be charged a separate commission for each additional day; each separate commission will apply to the portion of the trade executed on the corresponding additional day. Electronic trade orders for which price or quantity are changed by the client, and as a result execute over multiple trades on the same day, are each charged a separate commission.

² Trades placed through Schwab's electronic channels, such as Schwab.com, mobile applications, and automated phone services. Certain securities may not be available through all electronic trading channels. Up to 999,999 shares can be placed per trade.

³ The standard electronic \$0 commission does not apply to over-the-counter (OTC) equities, transaction-fee mutual funds, futures, fixed-income investments, or trades placed directly on a foreign exchange or in the Canadian market. Options trades will be subject to the standard \$0.65 per-contract fee. Service charges apply for trades placed through a broker (\$25). Exchange process, ADR, and Stock Borrow fees still apply. See the Charles Schwab Pricing Guide for Retirement Plan Accounts for full fee and commission schedules

⁴ For participants who utilize the Personal Choice Retirement Account (PCRA), the following fees and conditions may apply:

Trades in no-load mutual funds available through Mutual Funds OneSource service (including Schwab Funds) as well as certain other funds, are available without transaction fees when placed through schwab.com or our automated phone channels. Schwab reserves the right to change the funds we make available without transaction fees and to reinstate fees on any funds. Funds are also subject to management fees and expenses.

Charles Schwab & Co., Inc., member SIPC, receives remuneration from fund companies for record keeping, shareholder services and other administrative services for shares purchased through its Mutual Fund OneSource service. Schwab also may receive remuneration from transaction fee fund companies for certain administrative services.

⁵ Standard fees apply on both transactions when placing simultaneous orders to sell one or more transaction-fee fund(s) and purchase additional transaction-fee fund(s) with the proceeds.

⁶ Options carry a high level of risk and are not suitable for all investors. Certain requirements must be met to trade options through Schwab. Please read the Options Disclosure Document titled "Characteristics and Risks of Standardized Options" before considering any option transaction. Call Schwab at 1-800-435-4000 to request a current copy. Supporting documentation for any claims or statistical information is available upon request.

⁷ Transactions in foreign ordinary shares incur additional custody, clearing, and settlement expenses. A foreign transaction fee is added to trades placed on the U.S. over-the-counter market through the online or automated phone channels. The commission and foreign transaction fee will be combined and appear as one line item, labeled "Commission," on your trade confirmation.

⁸ For fixed income trades placed through one of Schwab's electronic channels, discounts may apply.

⁹ Schwab reserves the right to act as principal on any Bond transaction. In secondary market principal transactions the price will be subject to our standard mark up in the case of purchases, and a mark down in the case of sales, and also may include a profit or loss to Schwab in the form of a bid-ask spread. When trading as principal, Schwab may also be holding the security in its own account prior to selling it to you and, therefore, may make (or lose) money depending on whether the price of the security has risen or fallen while Schwab has held it.

Schwab Personal Choice Retirement Account[®] (PCRA) is offered through Charles Schwab & Co., Inc. (Schwab), a registered broker-dealer that also provides other brokerage and custody services to its customers.
